Shown at international film festivals in Hawaii (HIFF), Chicago and Toronto, this cinematic feature was shot in Kailua Kona and Ocean View on the island of Hawaii. **The Land of Eb** is about a Marshallese family struggling to create a new home for themselves on the fringes of society, telling a simple story of one man while revealing profoundly deeper issues.

...heartfelt family drama —Variety

...extraordinary on almost every level...a rare film that celebrates the dignity of hard work, as well as the tenuous connections of cultural legacy in a fragmented community. At the heart of it all is Jonithen Jackson's subtle...performance as Jacob. —Burl Burlingame/Star-Advertiser

First major public showing in Honolulu!
